

## **Curriculum Vitae – Pirmin Stalder**

I have more than 12 years of in-house legal working experience in the insurance and reinsurance industry ranging from settling liability claims, providing legal advice in relation to life insurance, non-life international insurance programs and investment products and negotiating corporation agreements with banks, fund providers and asset managers. Lately, I focus on reinsurance related topics such as contract wording and regulatory topics.

I worked 11 years for the multinational insurance company Zurich Insurance Company and am now employed by LGT ILS Partners, a distinct ILS and collateralised reinsurance asset management boutique with a global reach.

### Education:

- Advanced Studies (CAS) in Financial Market, Banking and Insurance Law, University of Zurich – 2012
- Bar Admission for Switzerland - 2005
- Master of Law University of Fribourg (Switzerland), citations: bilingual German/French and European Law - 2002
